FROM LITTLE THINGS BIG THINGS GROW

As the Year of Growth is being celebrated at St. Leo's Catholic College, Wahroonga, how better to acknowledge this growth than with some of the College's achievements to date this year.

St. Leo's 2009 HSC results reflected the dedication of both teachers and Year 12 students – 20% of the cohort achieving an ATAR rank above 90, Dux 99.75.

In the sporting arena, recently seven aerobic teams competed in the State Championships with three teams qualifying for the National Championships. Earlier this month, this year's HSC major works in Art, Design and Music were displayed for the Community with the high standard appreciated by the record crowd who attended opening night!

Opportunities on offer in music, drama, public speaking, debating, Duke of Edinburgh and sport make for a very active College life. It's a wonder that students find the time to offer their service to the wider community!

The College's Youth Minister co ordinates weekly nursing home visits and feeding the homeless on Sydney streets along with many Chapel services and charity appeals conducted throughout the year.

The College has a full-time counsellor available to students to offer help and support and the effective Pastoral Care program also ensures that students feel connected to their College.

St. Leo's aims to develop confident, competent Catholic young men and women of conscience.

Currently there are vacancies in Year 8, 10 and 11 for 2011. For enrolment information please contact the College on 02 9487 3555.
